## **New Impartial Hearing System (I.H.S.) Features**

I.H.S. has converted its reports to a Cognos format. Although the reports are essentially the same as were previously available, because Cognos provides the ability to manipulate data by providing it in different formats (i.e. html, xml, excel and pdf), they now offer the User a self-service approach to generating reports and conducting analysis based on the User's particular needs.
