Teacher's Choice Allocation

The Teacher's Choice program gives teachers funds to purchase instructional materials and basic classroom supplies. **Teacher's Choice allocations for this school year will be issued as either a direct deposit on December 4 or as a debit card distributed with the December 15 payroll at your schools.** All eligible staff members on payroll as of the end of October will receive an allocation as long as the information in their EIS records is accurate. A second and final allocation issued prior to March 15, 2009 will include staff members placed on payroll through November 1, for those who may have not been included initially. Please ask a member of your staff to verify that the individuals indicated on the TC Rosters emailed last week are eligible and correspond to the amounts allocated for each title classification in the program's eligibility requirements available at:
