# Scholars' Academy

## Vision Statement:

"To provide a diverse, culturally rich, interactive, collaborative, highly motivational, interdisciplinary education that will prepare qualified accelerated ELL, twice exceptional special education students, and general education students, to meet and supersede all standard expectations in order to transform them into leaders of our future generations. Throughout this mission, the members of the Scholars' Academy Community, including administrators, students, teachers, support staff, parents, and local community partners, will help each other reach their ever-increasing levels of human potential."

## Mission Statement

By working together to examine yesterday and today, we will find our respective places in tomorrow's world.

## Samples of our Regents Results for 2009-2010

English: 100% passed, 88% average grade

U.S. History: 100% passed, 93% average grade

Geometry: 100% passed, 83% average grade

## About Scholars' Academy

- The Scholars' Academy High School provides an accelerated interdisciplinary-themed curriculum
- Students entering the Scholars' Academy in ninth grade will be on course for completing many of their high school Regents' requirements prior to their senior year, opening up the opportunity for all students to take Advanced Placement Courses and/or college courses through St. Francis College
- Setting the Scholars' Academy apart is the fact that the majority of instruction takes place in a school-wide cooperative group structure

## Courses and Program Highlights:

- Our teachers will collaborate using a comprehensive pacing calendar and daily teacher planning time to design projects and concepts that are connected across the curriculum
- Our students will learn subject-specific content in a historical context which will enhance cross-curricular, real-world application of what they learn in the classroom
- Entering 9th graders must be prepared to complete up to four Regents courses during grade 9 including: Geometry, Physics, English, U.S. History and Government

## Elective Courses & Clubs
