4/21/09-Important enhancements relating to the C2 form. ([Titles](#))

- Regular User draft functionality has been added. User now has the option to save an incomplete C2 form for a later time. Incomplete C2 forms will be stored in the "Draft List".
- Title Search screen has been changed so that the user can search for a title code or a title description. (LIKE search) For your guidance we have included a chart with the most commonly used titles. (see attached)
- All sections of the form have been modified for enhancing the response times. (loading issue)
- When printing C2 form, user may use the icon on the toolbar to save the C2 form onto their computer.
