**SPECIAL CHECK DISTRIBUTION FOR MARCH 31, 2006
PROFESSIONAL DEVELOPMENT DAY**

Friday, March 31, 2006 has been designated as a Grading Professional Development Day. It is also a payday. Since many teachers and paraprofessionals will not be at their home schools to receive their paychecks, the Division of Financial Operations Bureau of Check Management has agreed to enlist extra resources and have paychecks delivered by the vendor on Wednesday, March 29, 2006. Please note that the checks will be post-dated for Friday and employees should be advised that the Bank will "return" checks encashed prior to the pay date.
