ANNUAL ARTS IN SCHOOLS REPORT 2007-2008

This Annual Arts in Schools Report provides data for:

School: 22 K240

2007-2008 Principal: Ms. Elena S. O'Sullivan

Arts Education Liaison: Denise Nopper

INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report measures two areas:

Student Access to and Participation in Arts Education

Uses surveys and information from DOE databases to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the activities, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education

Uses information from DOE databases and surveys to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in June 2008 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>

Chancellor, New York City Department of Education

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.ⁱ

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed New York City schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents diploma with advanced designation in the arts.

School Progress in Meeting New York State Education Requirements

This table reflects arts instruction provided by school-based arts teachers and /or staff from arts and cultural organizations. This table does not reflect arts instruction provided by classroom teachers.

This school has submitted the following information about its arts program:

The arts instruction at Hudde Junior High School will continue to meet the needs of our student population. Every student will be given instruction so that they meet the State Standards in the Arts. The art classes consist of the band, the orchestra, dance, drama, vocal, woodshop and visual arts. These programs are funded by Project Arts and tax levy funds. Students study musicians, choreographers, artists and singers before they are instructed in these areas. They also visit museums, shows and performances to enrich the arts curriculum. During the year, they are instructed to play instruments, choreograph, sing, paint and act. In May, all the arts classes perform for the school and in the evening, for their families. The step team practices after school and performs in May with the arts classes and at multi-cultural night. The visual arts classes create works of art and display them for their families in the gym on the evening of the performances. The woodshop classes work throughout the year creating pieces such as coat racks and shelves that are also on display for the families. Teachers receive ongoing professional development provided by the LSO, school and arts organizations throughout the city. Social Studies teachers receive professional development in preparation for performances integrating Social Studies and the arts. All students view performances throughout the year which enriches the curriculum.

Notes

- Throughout this report, N/A signifies that data were not applicable.
- Learning Environment Survey data are based on responses from schools where students provided responses to the 2007/8 Learning Environment Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2007 - 2008 Learning Environment Survey which is located on the Statistics section of this school's website.
- Schools may have more than six arts and cultural service providers, but due to space constraints we were unable to list all of the arts or cultural organizations with which they work.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Percentages of the Learning Environment Survey data may not add up to 100 percent due to rounding. The percentages are not based on a student response rate of 100%.

Definitions

- A dedicated arts classroom is a classroom that is only used for dance, music, theater, and visual arts.
- For a detailed description of what an appropriately equipped arts classroom is, please refer to the Blueprint for Teaching and Learning in the Arts, <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.
- A blackbox theater is a simple, unadorned performance space, usually a large square room with black walls and a flat floor.
- General or core music is a broad-based study of music including music making, literacy, connections to world cultures, community resources and careers and life-long learning.
