

ANNUAL ARTS IN SCHOOLS REPORT 2008-2009

This Annual Arts in Schools Report provides data for:

School: 06M005

2008-2009 Principal: Wanda Soto

Arts Education Liaison: Christopher Anest

INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

Student Access to and Participation in Arts Education

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2009 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.

Joel I. Klein
Chancellor, New York City Department of Education

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.¹

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed New York City schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:

At P.S. 5 our goal is to encourage our students to use their imaginations to innovatively solve problems by nourishing our children's creative skills. We believe the arts provide entry points into the curriculum for students, are a vehicle for students to build self-confidence by feeling successful in the classroom, and can be a catalyst for increased student motivation and achievement. We are committed to hiring certified arts teachers to lead our arts programming, with a focus this year on Visual Arts and Theater Arts. We strive to meet the NYS instructional time requirements by rotating our programming mid-year. In order to allow learning within all four arts disciplines, we partner with cultural organizations, including Lincoln Center Institute, American Ballroom Theater, Shen Wei Dance Arts, and the Society of the Educational Arts. Through these partnerships, students not only reap the benefits of an enriched curriculum, but teachers also have the opportunity to grow professionally through planning and delivering instruction in cooperation with teaching artists, thereby expanding their capacity to integrate the arts throughout the school day for our students.

School Progress in Meeting New York State Education Requirements

In 2008-2009, students in grades Pre-K received instruction in the following arts disciplines by school-based staff:

ARTS DISCIPLINE	STUDENTS RECEIVED INSTRUCTION
Dance	No
Music	No
Theater	No
Visual Arts	No

Note: New York State does not have a specific instructional hour requirement in the arts for Pre-K students.

This table reflects a range of the average arts instruction hours per student on an annual basis provided by school-based arts teachers, classroom teachers and/or staff from arts and cultural organizations.

Notes

- The Annual Arts in Schools Report is based upon self-reported data submitted by schools
- Throughout this report, N/A signifies that data does not apply or was not available.
- Throughout this report, a blank field represents “none” or no data provided.
- Learning Environment Survey data are based on responses from schools where students provided responses to the 2008/2009 Learning Environment Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2008- 2009 Learning Environment Survey which is located on the Statistics section of this school’s website.
- Schools may have more than six arts and cultural service providers, but due to space constraints we were unable to list all of the arts or cultural organizations with which they work.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Percentages of the Learning Environment Survey data may not add up to 100 percent due to rounding. The percentages are not based on a student response rate of 100%.

Definitions

- For District 75, Standard assessment students are students who participate in city-wide testing. Alternate assessment students do not participate in city-wide testing.
- A dedicated arts classroom is a classroom that is only used for dance, music, theater, and visual arts.
- For a detailed description of what an appropriately equipped arts classroom is, please refer to the Blueprint for Teaching and Learning in the Arts, <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.
- A blackbox theater is a simple, unadorned performance space, usually a large square room with black walls and a flat floor.
- General or core music is a broad-based study of music including music making, literacy, connections to world cultures, community resources and careers and life-long learning.
- “Pull-out” programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
