**Presenter**  
**Dr. Robert Joseph,**  
**Sexuality**  
**Consultant,**  
**Licensed**  
**Psychologist**

Sexuality has emerged as a key component in treatment planning and the provision of therapy for people with developmental disabilities. Dr. Joseph's talk will present a thoughtful and experienced approach to understanding what you need to know to enhance your adolescent or adult child's life and to help ensure that they are safe from harm. It is a cautionary tale about what may happen if one ignores this undeniable aspect of a person's life.

Light refreshments will be served.
